

5th Natural Resource Extension Professionals Conference Registration Announcement

Finding the “Ability” in Sustainability

May 14 – 17, 2006; Canyons Resort, Park City, Utah (www.thecanyons.com)

Register today for this exciting conference by visiting the conference web site at <http://www.ANREP2006.org> and clicking on Registration. The web site includes the preliminary program schedule, speakers, and presentation titles. Registration also can be arranged by phone or mail by calling 800-538-2663. **Register by April 1, 2006** for the early registration rate of \$285. Non-ANREP members pay \$25 more, so join ANREP first. ANREP membership information is available at <http://anrep.org>.

The theme for this year’s conference is sustainability, with the idea that to remain relevant, the Cooperative Extension System must be at the forefront of sustainability education efforts. The conference is expected to attract hundreds of Extension professionals from across the country. The preliminary program includes 70 presentations, including several roundtables and workshops, two poster sessions with 75 posters, and 4 field trips. USDA-CSREES is a major sponsor of this conference.
